

The district, as a whole, is still stalled by the pandemic. Fortunately, a few groups are picking up new members and regaining their previous numbers. Unfortunately, Sunday Night Book Study (SNBS) held a group conscience and decided to close. It was in existence for many years and was the only book study meeting in the district.

SNBS also hosted "Birthday Night" for the entire district once each month. This is a celebration of Al-Anon anniversaries. We are very glad that the Thursday Night group has made the decision to try hosting the activity.

This brings our district to 12 meetings. Just half of them have GRs, but we are hopeful they will all attend our next district meeting November 12.

So looking forward to the fellowship of assembly in Spencer!

In service,
Jill G., DR
