

Announcements/workshops AWSC August 2023

Hello,

As I mentioned in my Delegate report, at the WSC 2023 a motion was made to approve the wording to the Digest of Al-Anon and Alateen Policies section of the 2022-2025 service manual (pages 24/27) v2 related to announcing events and workshops. As a result of these changes, the wording will better clarify these sections of announcements/workshops in the Policy Digest.

To put these changes into the manual, they need to be translated into all 3 languages (English, Spanish & French) which a large undertaking! As soon as this action is complete, we will be able to update our manuals and see the changes. These changes will be regarding the information we now have on pages 89-92 in our Policies section in our manuals.

I have a COB (Chairman of the Board) presentation on August 12th and hope to share the changes with you after that and hopefully inform you of when they will be available to us all.

Thank you.

Becky V
