

January 2024  
District 2 Report

Our District held a viewing event for the 2023 Gratitude and Joy Virtual event. It was so much fun to gather together to watch three great speakers. We brought snacks and a few members brought gifts for everyone. It was so fun to see each other and spend time together. We've also started brainstorming ideas for a 2024 Fellowship day – more will be revealed as the planning moves forward. For the winter, two of our groups are virtual. The Tuesday Cal-R-Us group is permanently virtual, while the Monday Night New Hope group moves to virtual mid-October through the winter.

We're looking forward to a great 2024 in District 2.
