

Pardon the cliché but District 7 has proven, “If you plan it, they will come.” In April we kicked things off with our Serenity Day. It was a half day event full of food, buzz sessions, and a fantastic local speaker Marilyn L. who has over 55 years in the program. The following month we held our annual Birthday Celebration. This was a slightly more formal event that we were able to invite circuit speaker Kathy H., from Cincinnati, Ohio to share her story with us. It was fantastic on a personal level to actually meet and talk to someone that I had grown up listening to their story on CD’s. Both Serenity Day and the Birthday Celebration had over 70 people in attendance and we were able to come out ahead financially (hence the Field of Dreams reference). In District 7 Alateen news, several of them attended their Area Serenity Weekend and thoroughly enjoyed themselves. They are also excited about a new Alateen meeting starting here on July 12th. More to be revealed in my August report.

Grateful to be of Service,

Ashley C.

District Seven Representative
