

By-Laws Update  
August 10, 2024

The By-Laws Review Committee wanted to give you a progress report of our work over the last few months. We've spent time individually gathering by-law information from other Areas and have come together to brainstorm as a group to consider how best to maintain the unity of our groups and anonymity of our members, while operating as a non-profit without a true legal head.

We've had great discussions. Changes that we have been discussing range from our formal name ( Iowa State Al-Anon Family Groups Assembly, Inc.), to the balance of power among our service roles, to the inclusion of the new position of Technology coordinator. We will bring the final document to this group in the coming year for consideration.

The committee consists of the current Area Officers and Past Delegates. Anyone is welcome to attend. Please reach out if wordsmithing is your jam.

Making headway,  
Katy P. on behalf of the By-Law Committee
