

August 2024 Assembly
District 2 Report

Our members enjoyed helping with the Spring Assembly in Sioux Center. It was a great weekend.

On June 22, the Alano club, where our Wednesday night group meets, was hit by the floods that swept through NW Iowa. Over three feet of water filled the clubhouse, and there was no electricity service for a few weeks. Meetings resumed after a few weeks, although the building is still in disrepair. The flooding also meant that our district phone was not functional for a time, but we were grateful that the area and national websites and phone numbers were still operational.

Our Public Outreach efforts have included a billboard in the Okobojo area and a few of our members met with staff from area CAASA offices, (Centers Against Abuse & Sexual Assault) to educate them on Al-Anon and provide meeting information.

It's an interesting year in District 2!

In service,

Luanne T.
