

Hello,

It is great to be out of the house and a few days closer to spring. I am looking forward to attending the Spring Assembly in Clear Lake.

On Sunday March 2nd the first Area Archives Coordinator call for 2025 took place. This is a great opportunity for me to ask questions about Archives and digitization of the paper and what other Area's doing.

The Archives are still at a remote location as we continue to finish up reconstructing our basement. But I was able to spend some time digging in them recently.

The Archives Task Force continues to meet on a regular basis.

Area Archivist
