

## Spring Assembly 2025 District 7 Report

It's never dull in District 7. In March, we held our Serenity Weekend with the option of staying overnight for the first time since Covid in 2020. I'm happy to say that many of us did end up staying the night and we lucked out with fantastic weather along with great speakers and breakout sessions. We also discovered that we have quite a few members in our District that are pretty talented, despite the name of our "No Talent, Talent Show." The following month we put on our annual Birthday Celebration. The AI-Anon and AA speakers for the event were a dynamic couple from Omaha, Bridgie and Dan. I especially appreciated Dan, the AA speaker, mentioning how important AI-Anon is and how we have helped his recovery. The turnout for the event was fantastic and the baskets we raffled off raised over \$1,000 to support our Service Center. Next month we will be having an open Alateen meeting to help encourage parents to bring their teens and for other AI-Anon members to consider becoming an AMIAS. I will share more on that in my next report.

Grateful to be of Service,

Ashley C.  
District 7 Representative
