

Iowa Area Technology Coordinator Report
AWSC - March 2026
Connie H

Not much has happened in the last two months regarding the Technology position. I have been working with a new personal computer which does not have MS office so it should give me opportunities to practice with Google items like Docs, Sheets and Slides.

The AFG question for the Technology Coordinators this last month has been “*In your role as Technology Coordinator, how do you remain informed on evolutions in technology in order to navigate them to the best of your ability (i.e., Artificial Intelligence, software, hardware, etc.)?*” Reading about how other Areas handle AI, Zoom and on-line security has been interesting. Keeping informed and up to date as much as possible will hopefully help us all as we explore the future.

Connie H.
Area Technology Coordinator
