Area Alateen Coordinator/ AAPP Report
June 2026 Spring Assembly

Things have been busy for our Area in regards to Alateen these past few months. The biggest thing I have been working on (besides Serenity Weekend, which I will discuss later) is the Annual Recertification process for all our Area AMIAS (Al-Anon Members Involved In Alateen Service). Despite a hiccup with AFG Connects and WSO's Group Records being down for a bit, I have been able to get all but 7 of our 51 Area AMIAS's recertified as of this writing. The due date to have this completed for the World Service Office is June 15th so by the time I'm reading this outloud, it should be 51 out of 51 AMIAS recertified. Fingers crossed I'm not still up at 11:55pm tonight finishing up.

I also had the benefit of attending my District's Open Alateen meeting. While it was not as well attended as the previous one this year, it was still a great opportunity for parents and a few newcomers to Alateen to see what actually happens during an Alateen meeting. Typically, Alateen meetings are closed to Al-Anon members that are not AMIAS's so this was a way for us to do some Public Outreach. If any AMIAS's have questions about conducting an Open meeting I would be happy to share more information.

Lastly, I'm very excited to hear our Alateen Speaker for this Assembly Jayden M. from Fort Dodge. I know she will do a fantastic job!

Grateful to be of Service,

Ashley C.
