Our Fort Dodge Groups attended the District Workshop in Marshalltown on Mar. 7th and thought it was well run and extremely helpful.

We zoomed the meeting the next day. We all find it difficult to attend Sunday morning meetings as we are in Church.

We have been without a DR in this district for some time and are trying to get up and running again. I have emailed the other chapters in my District 14 and hope to set up something in the near future. It is my goal to set up quarterly District meetings, and to attend meetings in this District.
