

Area Alateen Coordinator Report
October Assembly 2026

These past few months I've been learning about the Electronic Area for Alateen that the World Service Office will be offering Areas to opt into. Michelle and I will be heading up a thought force to dive deeper into all the information we've been given and present to you all to vote on.

I appreciate all the AMIAS's who came today to take part in our Annual Recertification training. It was quite an emotional rollercoaster getting it together but I didn't do it alone. These training are so important to keeping Alateen strong in our Area and ensuring our teens safety. If you know an AMIAS that was not able to attend, they can email me at alateen@iowa-al-anon.org and I will be happy to send them the link. I'm setting November 1st as the date for the quiz to be completed.

I will have more details in January in regard to Alateen Serenity Weekend. A flier will be going out soon and you can put April 9th-11th at Wesley Woods in Indianola as the days and times.

Lastly, I want to thank Ethne B. from Des Moines for stepping in at the last minute to share her experience, strength, and hope with us today. As I mentioned it's be so neat to see her grow and progress in the program over the years.

Grateful to be Service,

Ashley C.
Iowa AAC/AAPP
