

Iowa Area Technology Coordinator Report
2026 October 2026 Fall Assembly
Connie H.

There is not a lot to share from Technology this Assembly but I did want to re-share information about Hybrid Assemblies. There may have been some questions as to why the speakers may not be included hybrid. Each Assembly will be different for a few reasons.

1 - Often the speaker themselves do not want to have their speech broadcast over the internet. Some speakers have had their anonymity broken by having their talks posted on social media or across the internet. It is sad this has happened and we understand the speakers fears.

#2 - It may be impossible to set up our camera/computer/microphone in some facilities due to space or other logistics. Sometimes just the process of moving equipment can be an issue.

The Area Chairperson will notify all members, in person and on Zoom of what the process will be at each Assembly. Hopefully everyone will be understanding of any/all decisions we may have to make.

I am also excited to see how the process works for members who preregister and receive the Assembly link. Hopefully it will make it easier for members to attend in whatever capacity they can.

Archives Committee, Alateen Committee, Area Inventory Committee, District 2, District 16, and the Delegate and Area Chairperson have been making use of the Area Zoom account. It is great to see it being used.

Let me know if there is anything I can assist you with, your position or your District.

Connie H.
Area Technology Coordinator
