

2027 Regional Delegates Meeting

Who here does not know what USNCRDM means? How many of you know that WSO (World Service Office) region that we are sitting in? There are 9 Regions in the US and Canada.

Iowa is part of the US North Central Region which consists of 9 Areas. MN North, MN South, Iowa, Wisconsin & Upper Peninsula of Michigan, IL North, IL South, Michigan, Indiana and Ohio.

Minnesota North & South, Wisconsin and Upper Peninsula of Michigan,
Michigan, Illinois North & South, Indiana and Ohio

In March of each, the month before the World Service Conference (WSC), the Area Officers, Delegates (past & present) of all 9 areas in our region meet to prepare any new delegates for the conference. This meeting is called the US North Central Regional Delegates Meeting (USNCRDM). We also invite the WSO Trustee to share.

As a Group Representative (GR) and as a District Representative (DR), I didn't quite understand what the heck an RDM was. As an Area Treasurer, I got to attend a couple of meetings. I still wasn't sure why it was necessary, but it was fun! Then, when I got to the WSC in April this year; I got it. The meeting is run like the World Service Conference, so you know what to expect when you get there. It is also a chance to get to know the other members of your panel, so when you get to Virginia, you recognize some faces.

As you know, Iowa hosted the RDM this year in March. The hosting of this meeting rotates every 9 years between the areas. In 2027, the Regional Delegates meeting will be hosted by Wisconsin & the Upper Peninsula of Michigan on March 19th – 21st. We know that it will be held in Milwaukee, but that is all I know right now.

Save the Date

US North Central Regional Delegates Meeting

March 19, 20, 21 2027

Hosted by

Wisconsin & the UP of Michigan
